We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications

Category	Marine Tools	Model / SKU	Electric-Lift-Puller
Standard	DIN	Material	This machine is designed with reference to the loading and unloading forklift, with four steel universal wheels at the bottom,which is durable.
Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS	Warranty	12 Months unless specified otherwise
Origin	China		

China Electric Lift Puller:

Electric Lift Puller

The lift-separated top-pulling multi-purpose machine is a new type of top-pulling multi-purpose tool. It has the advantages of reasonable structure, convenient operation, safe use and fast loading and unloading. This machine is widely used in factories, oil fields, ships, docks, railways, construction projects, tunnel operations and automobiles, tractors, scientific research,etc. Especially suitable for field operation without power supply. This machine is designed with reference to the loading and unloading forklift, with four steel universal wheels at the bottom,which is durable.

Model	FBL-20	FBL-30	FBL-50	FBL-100	FBL-200	FBL-300	FBL-500
Lifting force(T)	20	30	50	100	200	300	500
Working pressure(MPa)	63	63	63	63	63	63	63
Maximum stroke(mm)	200	200	200	200	200	200	200
Pulling and unloading range(mm)	300	400	500	600	700	800	900
