Key Highlights

Category	Experimental Equipment
Standard	DIN
Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS
We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.	

Technical Specifications

Category	Experimental Equipment	Model / SKU	12PSB-Diesel-Fuel-Injection-Test-Bench
Standard	DIN	Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS
Warranty	12 Months unless specified otherwise	Origin	China

China 12PSB Diesel Fuel Injection Test Bench:

12PSB series diesel fuel injection pump test benches are designed for customers' requirement, Adopt high quality frequency conversing device, which have characteristics with hi-reliability, ultra-low-noise, energy save, high output torque, perfect auto-protecting function and easy to operate.

Main Specification

- Measurement of each cylinder delivery at any speed.
- Test point and interval angle of oil supply of injection pump.
- Checking and adjust the mechanical governor.
- Checking and adjusting the distributor pump.

- Experiment and adjusting of behavior of supercharging and compensatory device.
- Measurement of oil return of distributing pumps
- Testing the electromagnetic valve of distributor pump.(12V/24V)
- Measurement the internal pressure of distributor pump.
- Checking the advance angle of advance device.(on request)
- Checking the sealing of injection pump body.
- Install tube of auto-sucking oil supply can check on oil supply pump(including VE pump).
