■ Product Parameter:

Product Description:

The Throw over board Inflatable Liferaft are stored in containers on deck and inflate in the water when the painter line is pulled.

The standard sizes of the liferafts are available with: 6, 10, 15, 20 and 25 persons.

The liferafts with type approval by CCS and EC (EC was issued by GL).

Inflation method:

After throw over from ship, the liferaft can be inflated and opened automatically. If the ship sinks very fast and the life-raft can not be thrown over, the raft still can float up from water under the action of Hydrostatic Release Unit and can be inflated and opened automatically.

Product Parameter:

The installation height is 18-50m from water surface.

Capacity: 25 persons

(CO₂+N₂)*2/weight of gas: 4200*2g

Max storage height: 36M

Physical form: regular sixteen-sided polygon

Gross weight: 185kg

The FRP container: Diameter 730X1440
