

CENTRIFUGAL PUMP

25CYZ-A-20 Self-suction Centrifugal Oil Pump

ISO9001 Supplier

Class Certificate

Export Supply

25CYZ-A-20 Self-suction Centrifugal Oil Pump 1. Product overview: The CYZ-A self-suction centrifugal oil pump produced in this unit is widely suitable for the latest pump products developed by digestio...

Key Highlights

Category	Centrifugal Pump
Standard	EN
Material	, Oil trucks, airports, transport gasoline, kerosene, diesel, aviation c...
Weight / Size	Model Flow Lift Suction Height Self-priming time Speed(r/min) Power(KW) ...
Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS

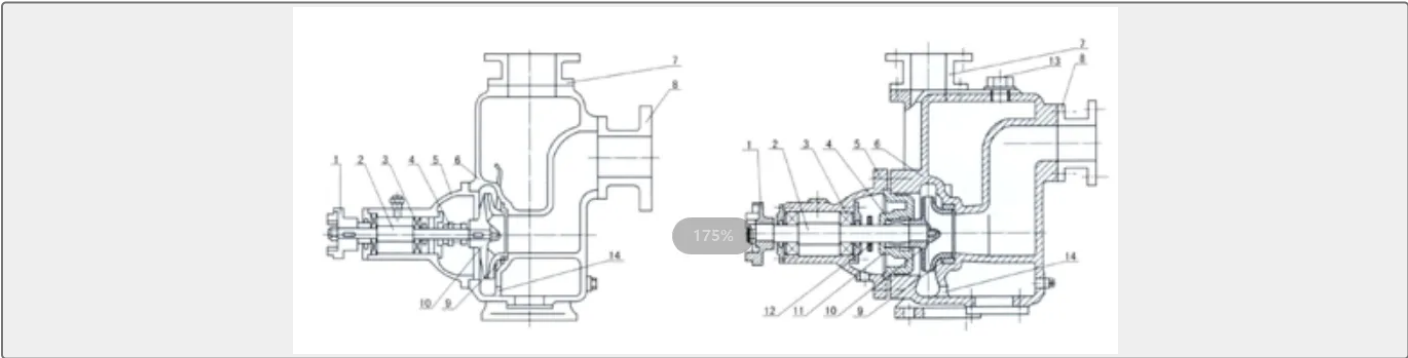

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications			
Category	Centrifugal Pump	Model / SKU	25CYZ-A-20-Self-suction-Centrifugal-Oil-Pump
Standard	EN	Material	, Oil trucks, airports, transport gasoline, kerosene, diesel, aviation coal, etc., such as the use of corrosive mechanical seals and stainless steel, can also be applied to chemical, pharmaceutical, brewing, electroplating, printing and dyeing, papermaking, power mines, etc., transportation, etc.

25CYZ-A-20 Self-suction Centrifugal Oil Pump

1. Product overview:

The CYZ-A self-suction centrifugal oil pump produced in this unit is widely suitable for the latest pump products developed by digestion, absorption, and improved at home and abroad. , Oil trucks, airports, transport gasoline, kerosene, diesel, aviation coal, etc., such as the use of corrosive mechanical seals and stainless steel, can also be applied to chemical, pharmaceutical, brewing, electroplating, printing and dyeing, papermaking, power mines, etc., transportation, etc. The medium temperature is -20°C-80°C, the viscosity≤100 perpal, and the solid content can reach less than 30%.

Characteristic

1. This pump is a self -suction centrifugal pump. It has simple structure, convenient operation, stable operation, easy maintenance, long life, and strong self -absorbing ability. There is no base valve in the pipeline. You only need to ensure a quantitative oil in the pump body before work. When it is used on the tanker or water transmission ship, it can be used as a good effect on cockpit pumps, ship pressure pumps, ship fire pumps, and ship sweeping pumps.

2. This pump is made of high -quality materials. The sealing is sealed with hard alloy mechanical sealing, durable, and no need to install a safety valve to spit out the pipeline. It has improved labor conditions.
