STEEL WIRE ROPE

300Tons Steel Wire Rope Press Machine

ISO9001 Supplier

Class Certificate

Export Supply

300Tons Steel Wire Rope Press Machine is Hydraulic Wire Rope Swage Machine, used to make pressed wire rope sling, with feature of compact form, good-looking appearance and easy operation. Widely used at mine, metallurgy,...

CONTENTS ■ China 300Tons Steel Wire Rope Press Machine: ■ Technical Specification

China 300Tons Steel Wire Rope Press Machine:

300Tons Steel Wire Rope Press Machine is Hydraulic Wire Rope Swage Machine, used to make pressed wire rope sling, with feature of compact form, good-looking appearance and easy operation. Widely used at mine, metallurgy, wharf, railway, electrics and other filed.

- It uses a mechanical and electrical design, to switch to a different mold, you can suppress the different specifications of wire rope, easy to operate and safe.
- Dual control for hydraulic system, the overflow valve, magnetic contact on the pressure gauge can be accurately controlled.
- Electric control parts of the low-voltage control, an increase of operating system security.
- Pull the rope to suppress large, beautiful, fast, and a wire rope press-fit just a few minutes to complete, significantly reduced the labor intensity and improve the work efficiency.

Technical Specification

Max press power (KN)	3000

Max wire rope diameter in one pressing (mm)	Φ24
Max wire rope diameter in multi-pressing (mm)	Φ32
Power (KW)	4
Max working pressure (Mpa)	56Mpa
Max piston movement (mm)	80
The up speed of piston(mm/sec)	4.5
The down speed of piston(mm/sec)	4.5
Total length (mm)	1200
Total width (mm)	650
Total height (mm)	1400
Net weight (kg)	1000
