■ China 4 strand rope:

■ Feature:

China 4 strand rope:

Balanced structure ensure the net can stay in the desired form in a long period. The net not deform or distort even in bad weather.

The mesh size of net will not exceed the regulated20cmmaximum.

The lightweight material ensure the net can be handling and transport easily,smaller size nets can be handling by just one person,the largest nets need few persons.

The low weight faciliated the helideck net maintenance and cleaning, enables storing of the net in an inside storage near the helideck.

Feature:

- 1.Long Lifetime Highest Durability
 - 2.Easy handling, storage and Transport
- We also customize the net according to customers' specifications
