50CPW-10-30 Marine Horizontal Crushing Pump

CPW Series Marine Sludge Discharge Pump is a motor-driven horizontal single-channel impeller centrifugal drainage pump,The pumps of this series are suitable for transferring sewage, industrial waste water, oily water, fresh water or sea water at a temperature below 85 degree, containing solids with a diameter up to one third of that of the pump port,

and fibers with a length up to five times of that of the ports. They are best choice for use in conjunction with waster water treatment plants.

Marine Horizontal Crushing Pump	
Model	50CPW-10-30
Capacity	10m3/hour
Lift	30m
Speed	2900r/min
Motor Power	4KW
(NPSH)r	5m
Weight	63kg
