**CONTENTS**

■ CS-32H Sea Water Marine Hand Pump:

■ Technical data:

**CS-32H Sea Water Marine Hand Pump:**

CS series hand pump is a single cylinder double acting manual piston pump. This series of piston pump f or pumping excluding hard particles and fibers of lubricating oil, fuel oil and other lubrication oils, fresh water and sea water.

This pump is widely used to transport all kinds of ships, oil depots, industrial vehicles, can also be used f or supporting the pump and diesel generator.

CS-20, CS-25, CS-32 series is suitable for pumping liquid fuel, lubricating oil, water, etc..

It has the characteristics of small size, light weight, good self-priming performance, easy

installation and use. The CS series hand pumps produced in our factory are reasonable in design, exquisite in materials, simple in maintenance, and all other important parts are

treated by corrosion protection. Therefore, it is an ideal pump for ships
