

MARINE CONSERVATION

DJ2000 Multi-purpose meter

Description Multi-purpose cycling meter multipoint monitor the input signal of 4~20mA or PT100,used for monitoring parameters, such as liquid level, temperature, pressure etc.

Working voltage: DC18V ~ DC28V&n...

- ISO9001 Supplier
- Class Certificate
- Export Supply

Key Highlights

Category	Marine Conservation
Standard	EN
Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications			
Category	Marine Conservation	Model / SKU	DJ2000-Multi-purpose-meter

Description

Multi-purpose cycling meter multipoint monitor the input signal of 4~20mA or PT100,used for monitoring parameters, such as liquid level, temperature, pressure etc.

Working voltage: DC18V ~ DC28V

Input signal: PT100、 4 ~ 20mA Max. Loops: 4

Outputs: relay contacts (AC250V/5A)

Outputs function: failure and excessive alarm (dry contact)

Specialty:

1. Display list center on MPU and process the signal by software;
2. The functions: inner self-checking function, inner loop fault judgment;
3. To compose kinds of system is easy with RS485 communication output interface;
4. Adjust "set point" in digital. Freely adjust the measure range;
5. Four bits LED digital display and analog display with a light beam;
6. High accuracy, reliably, general versatility;
7. The meter alarm output can be set.
