DKX-11 Marine Electric Oven

1. All stainless steel structure
2. Two sets of heaters are installed in the oven, and they are controlled independently
3. The temperature of the oven can be set arbitrarily within the range of 50°C-300°C, and the temperature is automatically constant
4. There is a matching bakeware
5. Germany EGO temperature control switch
6. There are various configuration combinations available for rotation
7. Equipped with stainless steel adjustable sole for easy installation on board
8. Optional computer panel temperature control
