Main Technical Parameter

Model: DX-200
Electric system: 3~380v 50Hz

Power:15kw
Collocation:20 grids 1/1 part dish go cart
Dimension: 1050x850x1756
Weight: 150kg

Structure Feature

Go-cart type steaming grid can separate from cabinet. with compact structure and concise appearance
adopt high-power electromagnetic core and coil to heat, with feature of rapid heating. no naked light, energy saving and environmental protection. adopt compositive rice steamer controller, the heating firepower, heating time and temperature can be set, easy to operate. auto-water supply by electromagnetic valve, being designed with water lack and over heat protection.
