Floating discharge hose

General description

Outer cover with excellent abrasion resistance and UV protection.

Wearing colored indicator layer.

Single foam floatation casing, preventing water absorption. The hose emergence above water is not less than 20% of the total volume.

High quality, wear resistant rubber.

Flange design according to customers' request.

Bending angle: In working condition, the bending angle is from 0 to 45 degree.

Other technical parameter can be made according to the customers' requirement.

Technical parameter

Inner diameter(mm)	500	600	700	800	900	1000	1100
Working pressure(Mpa)	1.2	1.5	1.5-2.5	1.5-2.5	1.5-2.5	1.5-2.5	2.5
