Description:

With more and more strict requirements for environmental protection, our company has developed hBN series of oil-water separators for fishing boats suitable for ocean, river and lake.

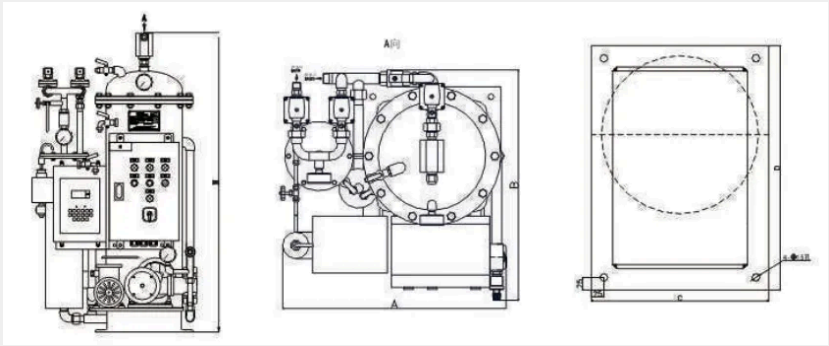

The cabin is small in size, compact in structure, easy to operate, long in service life, and low in spare parts maintenance cost. It is exported to Southeast Asia, Indonesia, Malaysia, Vietnam, Myanmar, Singapore, New Zealand, where a large number of fishing boats use our products, which can provide CCS certificates and meet the standard of IMO mepc.107 (49).

This product is economical, welcome shipowner shipyard friend, ship management company purchase replacement.
