

Jinbo Marine

Marine & Offshore Equipment Datasheet

PRODUCT DATASHEET

SENSOR

JBF Type Deck Valve

Product Description: It is a connection device for tanker and oil and chemical ship, which can quickly connect to the measuring equipments, like oil water interface detector, hermetic sampler, oil tanker pressure gauging...

ISO9001 Supplier

Class Certificate

Export Supply

Key Highlights

- Main Technical Specification:

Product Description:

It is a connection device for tanker and oil and chemical ship, which can quick connect to the measuring equipments, like oil water interface detector, hermetic sampler, oil tanker pressure gauging device and sludge tape etc. Also can be used in other industrial places with similar requirements.

Main Technical Specification:

Nominal diameter:DN50

Nominal pressure:0.20MPa

Material of valve body:SUS304,SUS316

Material of valve seat:PTFE

Applicable medium:oil,seawater and chemicals

Quick connection:1",2" quick connector

Connection flange:CBM1012-81 , PN 0.5

Overall Dimension:
