## LIFEBOAT AND RESCUE BOAT ACCESSORIES

## JY1830SW Marine DC regulated power supply

ISO9001 Supplier

Class Certificate

Export Supply

Description: 1. Place the power supply in a dry and horizontal place, and secure the bracket.  
2. Plug the power plug into an AC 220V socket, and connect the DC 24V power supply t...

### Key Highlights

Category	Lifeboat And Rescue Boat Accessories
Standard	EN
Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

### Technical Specifications

Category	Lifeboat And Rescue Boat Accessories	Model / SKU	JY1830SW-Marine-DC-regulated-power-supply
Standard	EN	Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS
Warranty	12 Months unless specified otherwise	Origin	China

**2. Plug the power plug into an AC 220V socket, and connect the DC 24V power supply to the input end. Be careful not to reverse the connection. When**

there is no AC input, the power supply can automatically switch to DC input (marine DC voltage ≤ 36V).

1. Place the power supply in a dry and horizontal place, and secure the bracket.

3. Connect the output terminal to the navigation device, and be careful not to reverse the connection.

4. Precautions: When using any power supply, it is necessary to configure the required voltage output by professional personnel based on the instrument you are using, and the power supply within the output power range. Improper configuration may cause damage to the instrument or burn out the power supply!

**Technical data:**

Model	Input voltage	Output voltage	continuous	Instantaneous maximum current
JY1824SW	AC 220V DC 24V	DC 24V	20A	30A
JY1830SW	DC 24V	DC 13.8V	15A
