K1-70/L Floor Type Marine Water Boiler

1. The outer shell is made of frosted stainless steel, the inner tank is made of high-quality stainless steel 304, and the sewage outlet is set
2. Using microcomputer technology to control the water intake according to the water temperature and water level, and adopt the principle of successive water intake to quickly heat up
3. Digital temperature control, automatic water inlet, heating and heat preservation
4. Has a complete alarm function, clear at a glance
5. Equipped with stainless steel adjustable feet for easy installation on board
