MULT061 Marine Universal Steam Oven

1. Made of all stainless steel, beautiful and generous in appearance; all inner chambers are rounded, no garbage, easy to clean
2. High-efficiency electric heating tube, fast heating speed; fan forward and reverse rotation, temperature is more uniform
3. Built-in four-segment meat needle (the needle has four temperature probes) sensor with a temperature resistance of 300°C, the temperature measurement is more accurate and the use is more convenient
4. Dehumidification function to ensure the roasting effect
5. Optional manual or touch screen control, convenient and flexible
6. Equipped with stainless steel adjustable feet for easy installation on board
