

MARINE PRESSURE GAUGE

Marine Diaphragm Pressure Gauge YC-M series

ISO9001 Supplier

Class Certificate

Export Supply

Marine Diaphragm Pressure gauge YC-M series is used for the marine vessels and related equipment, measure the pressure of the liquid with corrosion, high strength, easy crystallization, solid particles & high humidity...

Key Highlights

- China Marine Diaphragm Pressure Gauge YC-M series: ■ Specification:

China Marine Diaphragm Pressure Gauge YC-M series:

Marine Diaphragm Pressure gauge YC-M series is used for the marine vessels and related equipment, measure the pressure of the liquid with corrosion, high strength, easy crystallization, solid particles & high humidity.

Specification:

Dial Diameter(mm) : 100

Measurement Range (Mpa): 0~0.1, 0~0.1~60Mpa

Accuracy : 2.5, 1.6

Working Temperature: not over 80°C

Case Material: stainless steel
