Product Description:

Marine waste compactors, designed for use onboard vessels and offshore installations, are capable of withstanding the most severe weather conditions. Both compactor and container are made of steel to ensure a corrosion free lifetime with low operating costs.

Available Model:

Type	JBHLS63-50	JBHLS63-200	JBHLS63-500	JBHLS63-1000
Package volume	50 ~ 5000L			
Pressure Force	8-30Ton			
Compaction ratio	Mixed waste 6:1			
Power supply or Compressed air supply	220V,380V,440V,50/60Hz；Protection class: IP44,IP56,IP65 Compressed air 4.5-7.5bar			
Feature	Conforms to MARPOL 73/78 Automatically good, easy to operate Compact design, easy to install Reliable quality, long life Can provide explosion-proof and protection class IP65
