Export Supply

Key Highlights

Category	Marine Rudder
Standard	DIN
Material	Stainless steel ,Forged steel,Alloy steel.
Weight / Size	chemical analysis both ladle and product, mechanical properties, NDE, he...
Certificate	ABS, BV, DNV, GL, LR,NK, RINA,KR, CCS

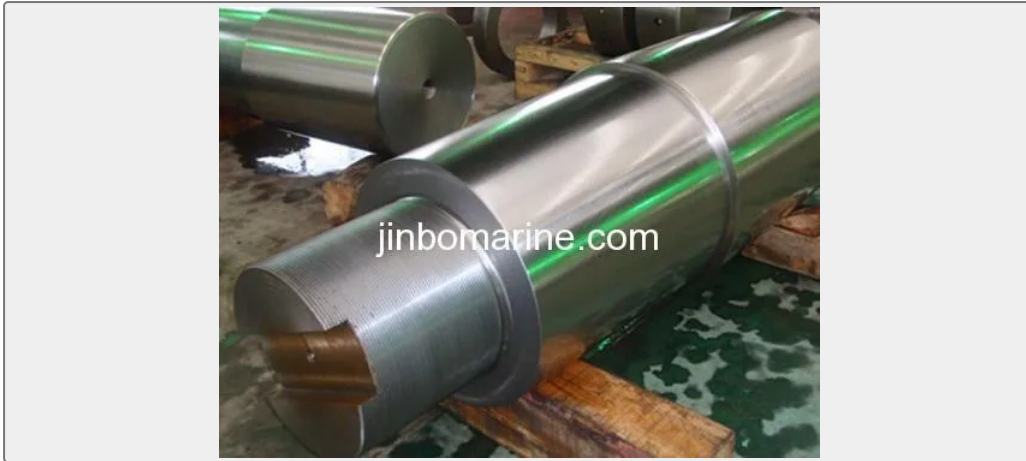

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications

Category	Marine Rudder	Model / SKU	Rudder-Pintle
Standard	DIN	Material	Stainless steel ,Forged steel,Alloy steel.
Weight / Size	chemical analysis both ladle and product, mechanical properties, NDE, heat treatment curves, grain size and dimension etc 1.	Certificate	ABS, BV, DNV, GL, LR,NK, RINA,KR, CCS
Warranty	12 Months unless specified otherwise	Origin	China

China Rudder Pintle:

Rudder Pintle is a part of rudder system. Rudder system include rudder blade, rudder stock, rudder pintle, bearings etc. It is a very important part of steering system. It make sure the vessel change direction.

Mechanical properties are yield, tensile, elongation, reduction and charpy v-notch energy absorption at RT.

Quality controlling is full from steel melting, forging, heat treatment for mechanical, NDE, microstructure, mechanical, impact etc.

Certificates and documents: chemical analysis both ladle and product, mechanical properties, NDE, heat treatment curves, grain size and dimension etc

1. Materials: Stainless steel ,Forged steel,Alloy steel.
2. Certificates: ABS, BV, DNV, GL, LR,NK, RINA,KR, CCS
3. Test: 100% Ultrasonic flaw detection test.
- 4 . Delivery time: according to the quantity and size.

All Products we manufacture according to clients drawing and requirement.

Any interests in our company and products, please feel free to contact us for quotation.
