Product Description:

This oil water separator can be applied to small size vehicle ship in fresh water, and meets the requirement of discharging standard prescribed by the state and the regulation of MEPC10749. This device consists of oily water separator, grasshopper, electric control box etc. With compact structure, it is easy to operate, install and maintain. Besides that, it causes no water pollution and saves oil and energy.

Product Parameter:

Treatment capacity: 0.1m³/hour, weight 35kg. 0.25m³/hour, weight 45kg.

Working pressure: <0.2Mpa

Discharging standard: <15PPM

Voltage: 380V, 220V.
