## China Thordon SXL Shaft Bearing:

The standard Shaft Bearing with excellent wear resistance even in wet or dry conditions. This material is very tough and flexible to bear shock and vibration and compliant to most of the applications.

## Shaft Bearing Features

Good self-lubricating capacity, suitable for pump bearings with longer dry start up. Test bearing can dry at 1500rpm for more than 8 min.

Good wear resistance and long lifetime.

High-elasticity, excellent resistant to impact and vibration.

Esayliy scale-up for large-size product.
