|----------|--------------------------------------|-------------|--------------------------------------------|
| Category | Marine Engine Telegraph System       | Model / SKU | AGI-400-DEIF-Advanced-graphical-interface  |
| Standard | DIN                                  | Certificate | ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS |
| Warranty | 12 Months unless specified otherwise | Origin      | China                                      |

## ■ Application examples

## AGI 400 DEIF Advanced graphical interface

A comprehensive HMI solution, DEIF's AGI 400 series connects to all DEIF Multi-line controllers, as well as third party electronics, via standard defined communication protocols, featuring functionalities which eliminate the need for other instruments, thus saving you both space and wiring.

## Application examples

- Power management systems – control and supervision: one point management, control and supervision of multiple gensets and bus tie breakers.
- Alarm – handling and monitoring: view historical alarm data and accept active alarms.
- Ship energy monitoring system (SEMS): track your energy consumption to optimise and implement energy awareness on board your vessel.
- Graphical interface – mechanical and electrical systems: system overviews for mechanical and electrical equipment. Trend measured values to monitor operation performance or when carrying out fault-finding procedures.
- Data acquisition and storage

## Variant

- AGI 407
- AGI 410
- AGI 415
- AGI 421
