Product Description

The AL60 series is an efficient integrated alarm device designed to meet the audible-visual alert needs in

industrial scenarios. It is suitable for environments such as factories, electrical rooms, driver cabins, and ship cabins, and can also serve as a terminal device for various alarm signals.

Product Features

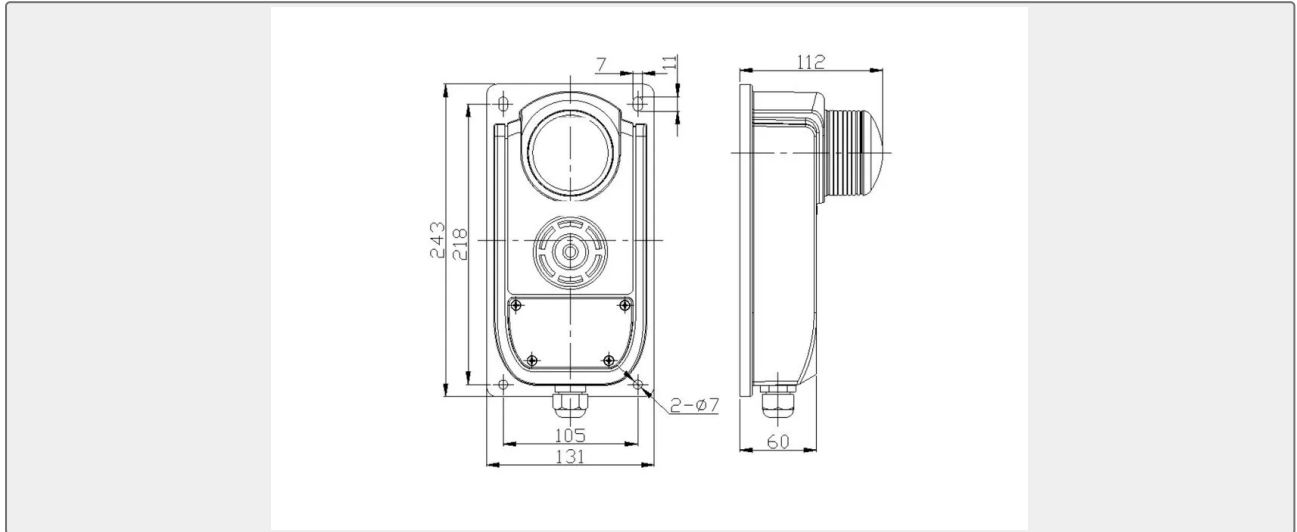

PC/ABS housing, compact and lightweight

32 selectable tones

Adjustable volume, up to 106dB

High-brightness LED with over 100,000 hours lifespan

Supports synchronized and separate sound and light control

Operating voltage 100-240VAC 50/60Hz

Power consumption < 10W

Alarm mode: Audible visible synchronized

Wiring: G3/4 cable gland

Light patterns Flash

LED Red color

LEDs lifetime 100,000h

Housing material ABS

Cover material PC

Weight 0.75kg

Mounting Wall mount

Operating temperature -25°C ~ +60°C
