Export Supply

Key Highlights

Category	Valve Remote Control System
Standard	EN
Certificate	CCS

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications

Category	Valve Remote Control System	Model / SKU	Hydraulic-Actuator
Standard	EN	Certificate	CCS
Warranty	12 Months unless specified otherwise	Origin	China

China Hydraulic Actuator:

Double-acting hydraulic actuator

The actuator can be used in the system whose working pressure is 6.3MPa, 10MPa, 12MPa, etc... The working pressure is different, the arrange of torque is different.

Spring return single-acting hydraulic actuator

System working pressure is the pressure for opening valve. The pressure of closed valve is settled before leaving factory. But, the pressure of closed valve can be designed, compared with client requirement.

Accumulator return single-acting hydraulic actuator

System working pressure is the pressure for opening valve. The pressure of closed valve is settled before leaving factory. But, the pressure of closed valve can be designed, compared with client requirement.
