Origin	China		

Description:

Marine low pressure air compressor

1. It adopts two-stage compression, small volume and low noise;
2. Automatic control, high and low pressure automatic start and stop, automatic unloading and sewage discharge;
3. Obtain the factory type approval of classification society and provide the certification certificate of classification society;
4. Customized according to customer requirements;
5. The quality is stable and reliable, and the maintenance of spare parts is simple and cheap. It has been exported to many countries, suitable for fishing boats, seagoing ships and other deck air compressor equipment
