QZ180 Marine Vegetable Washing Machine

1. All stainless steel structure
2. Water saving, labor saving, time saving, clean and sanitary
3. No damage to vegetables
4. High efficiency, small footprint, safe and reliable, high degree of automation, water level sensing, automatic water replenishment
5. Low energy consumption, effectively reducing operating costs
6. Convenient maintenance and simple operation
7. Equipped with activated carbon sterilization device
8. Equipped with ultraviolet disinfection device
9. Equipped with ozone disinfection and sterilization device
- 10 Equipped with stainless steel adjustable feet for easy installation on board
