

SFW Type Marine Growth Preventing Anti Corrosion Device

Export Supply

Key Highlights

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications

Category	Monitoring And Alarming Device	Model / SKU	SFW-Type-Marine-Growth-Preventing-Anti-Corrosion-Device
Standard	EN	Certificate	CCS,GL,LR,BV,ABS,NK,DNV,RINA,KR and EC certificate etc.
Warranty	12 Months unless specified otherwise	Origin	China

CONTENTS

Product Description:

- Feature:

Product Description:

It consists of control box, copper electrode and aluminium electrode. It can prevent marine growth to avoid blocking and anti corrosion of pipeline. The marine growth preventing anode and corrosion anode are installed at sea chest. Through electrolysis of anode, the electrolyte of marine growth preventing and anti corrosion is formed and then be sent

to the entire seawater cooling piping by seawater pump in order to prevent marine growth in the pipeline as well as prevent corrosive damage to pipeline. The device is use to the seawater cooling circulation system for ocean and coastal ships,offshore oil drilling platform.

Feature:

High efficiency for marine growth preventing

Long service time of seawater pipeline

High efficiency of electrolysis,high density of ion

Good and reliable sealing of electrode
