Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS

We can supply according to your requirement, drawings, class certificate needs, and delivery schedule.

Technical Specifications

Category	Shot Blasting Machine	Model / SKU	Steel-Pipe-Inner-And-Outter-Shot-Blasting-Machine
Standard	DIN	Material	Steel pipe shot blasting machine is a kind of inside and outside wall by blasting of steel pipe to clean up, Spraying of shot blasting equipment.
Surface	This machine mainly For steel pipe rotation surface and inner cavity has reached to remove the adhering sand, rust, welding slag, scale and sundry etc.	Certificate	ABS, LR, BV, DNVGL, NK, KR, IRS, RMRS, CCS
Warranty	12 Months unless specified otherwise	Origin	China

China Steel Pipe Inner And Outter Shot Blasting Machine:

Steel pipe shot blasting machine is a kind of inside and outside wall by blasting of steel pipe to clean up, Spraying of shot blasting equipment.

This machine mainly

For steel pipe rotation surface and inner cavity has reached to remove the adhering sand, rust, welding slag, scale and sundry etc.

make

Steel tube surface is smooth and improve the coating adhesion, improve the anti-fatigue performance of steel pipes and corrosion resistance

Force and prolong its service life. The order is shot blasting cleaning machine work

Feeding bracket

Material feeding mechanism

Into the blast chamber

Blasting treatment (artifacts forward while rotating)

The projectile is stored Flow control

Blasting process artifacts

Bucket elevator vertical ascent

Pill slag separation

recycling

Out of shot blasting room

The institution

Blanking stents

Because of shot blasting machine adopts the curve of the blade, so the projectile will flow

Performance improvement, mass ejection power increases, reasonably compact mass ejection artifacts no dead Angle, more convenient maintenance.
