China Superior Delta Anchor:

We supply the marine anchor for more than 7 years, including stockless anchor, offshore anchor, HHP anchor and other anchors.

High Force Triangle Anchors is one type of offshore anchor, the open construction of Delta Anchor offers for a smooth and excellent penetration in a variety of soils. The HHP anchor offers excellent efficiency (weight/ holding power) and easy dismantling for transport purposes. This anchor will hold true in the toughest conditions and will not rotate once it is set, which results in no decrease of holding capacity.

Superior Delta Anchor Specification:

Material: Steel Plate and Casting Steel.

Weight of âncora : 300kgs to 25000kgs

Class Certificate: ABS, LR, BV, DNV, GL, NK, CCS.
