

◆CB*3333艉轴润滑油箱 艉轴润滑系统

CB*3333 stern shaft lubrication oil tank stern shaft lubrication system

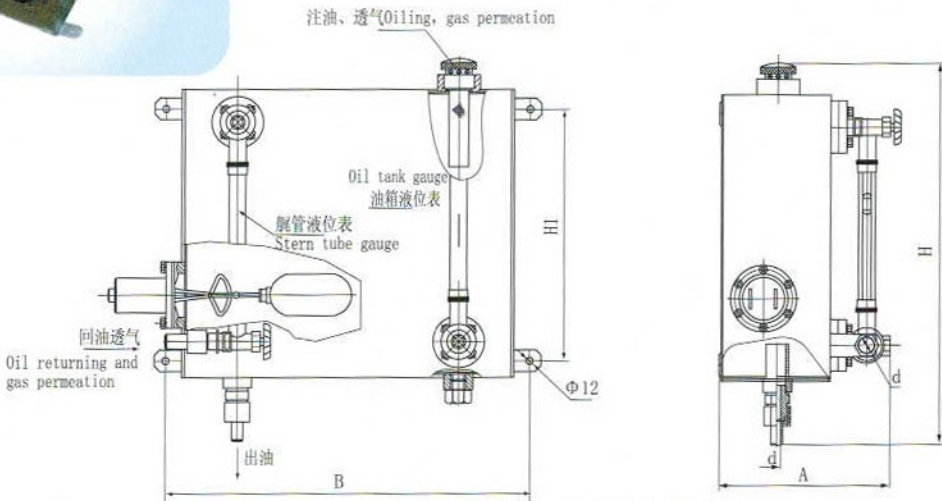

说明:

该类型油箱30L以上的可配置低油位报警装置。

Remarks:

This type of oil tanks above 30L can be equipped with a low oil alarm device.

CB*3333艉轴润滑油箱

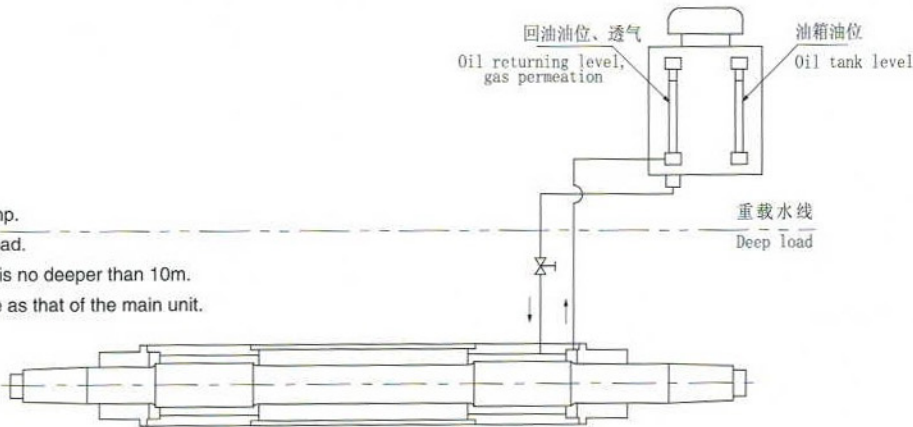

CB*3333 stern shaft lubrication oil tank

说明:

- 1、本系统不需油泵
- 2、油位不低于重载水线
- 3、适用于吃水不超过10m的船
- 4、润滑油牌号与主机润滑油相同

Remarks:

- 1.The present system does not need a oil pump.
- 2.The oil level won't be lower than the deep load.
- 3.It is applicable to vessels whose sea gauge is no deeper than 10m.
- 4.The lubrication oil brand should be the same as that of the main unit.

艉轴润滑系统原理

Principles of stern shaft lubricating system
